We (Utpal Kant Singh, Rajniti Prasad, Ranjeet Kumar and Bir Prasad Jaiswal), the authors of the following manuscript (Miltefosine in Children with Visceral Leishmaniasis. Indian Pediatr 2006; 43: 1076-1081) are retracting it because of inadvertent error on our part in having simultaneously submitted another paper with similar/overlapping content to Indian Journal of Pediatrics (Utpal Kant Singh, Rajniti Prasad, O.P. Mishra, B.P. Jayswal. Miltefosine in Children with Visceral Leishmaniasis: A prospective, multicentric, cross-sectional study. Indian J Pediatr 2006; 73: 1077-1080). We admit and regret our mistake.
