

AMRITA | Institute of
VISHWA VIDYAPEETHAM Medical Sciences

Neonatology Fellowship positions at Amrita Institute of Medical Sciences, Kochi

Amrita institute of Medical Science and Research Centre, an NNF accredited neonatal unit has a state of the art, and 28 bedded level 3 -4 Neonatal Intensive Care Unit With 4 full time Neonatologists and four fellows, we provide 24X 7 in house service with Paediatric subspecialists which includes the following paediatric subspecialty services - Surgery, Cardiology and Cardiothoracic Surgery, anaesthesia, Neurology and neurosurgery, Gastroenterology, haematology, nephrology, endocrinology, genetics, Orthopaedics, ENT, dermatology, pain and palliative care.

The services provided include all modalities of invasive and non invasive ventilation (including HFOV and inhaled nitric oxide therapy) and whole body cooling with aEEG monitoring and ECMO. There is a fully equipped ambulance with neonatal transport team which is available 24X7 in the campus. An active foetal medicine programme with foetal diagnosis and foetal therapy (medical and surgical) is an exciting field.

Our outcome data is comparable to Vermont -Oxford data or any other tertiary care NICUs in the world. Trainees also get an opportunity to work with our multidisciplinary neurodevelopmental clinic with early intervention programme.

In addition our trainees have a rigorous, didactic and clinical training during the fellowship years at the end of which they will be able to pursue either a clinical or academic career. Fellows intending to do two year training will be expected to complete a clinical research project with a faculty mentor.
