

Bharati Vidyapeeth University Medical College Katraj, Dhankawadi, Pune – 411 043

Post Doctoral Fellowships in Pediatric Subspecialties

Bharati Vidyapeeth University Medical College has been a pioneer in India in the initiation of fellowship courses. We are one of the only few universities in India reaccredited Grade "A" by NAAC. The medical college Hospital has also received NABH accreditation and the Laboratories too are NABL certified representing highest standards. The department of pediatrics itself has received third party acclaim through independent organization like IAP and its subspecialties chapters & NNF.

This fellowship program enables Pediatrics subspecialists to make up-to date health services available for children in rural and semi-urban areas in different parts of the country. The program has flexibility to quickly adapt to changes in technological and clinical advances so that the trainees are exposed to the most recent technological knowhow as well as knowledge and skills. This makes the fellows future ready on completion of the said courses to serve both in India and abroad

The Department of Pediatrics has state of the art infrastructure, qualified faculty and supportive departments like Radio-diagnosis, genetics etc. As of today almost **200 (Two Hundred)** Pediatricians who have successfully completed subspecialty training in our fellowship program are placed in India and internationally & are having a flourishing career.

We invite applications from eligible candidates for the following fellowship programs for our session starting September 2018
