

WEB FIG. 1 Measurement and calculation of insertion length (IL).

WEB FIG. 2 Bland-Altman plot of average distance measured by ultrasound by observer 1 versus observer 2.

**WEB FIG. 3** (a) Linear relationship between insertional length and weight at enrolment, (b) Linear relationship between insertional length and occipital frontal circumference, (c) Linear relationship between insertional length and nasal tragus length, (d) Linear relationship between insertional length and crown heel length, and (e) Linear relationship between insertional length and sternal length.
